PT. ANUGRAH CAHAYA ENGINEERING

Is a well established Industrial Supply Company in Indonesia.

Through years of exposure and development,

PT. ANUGRAH CAHAYA ENGINEERING has positioned it self in serving :

Oil and Gas; Petrochemical Industry; Chemical Industry;

Fertilizer Plant; LNG Plant; Perloges.

Starting from CV. CAHAYA ANUGRAH which was founded in 2009, Our company runs as a Trading Company and Distributor that sells Mechanical, Instrument and Electrical, Rotating parts.

The products stocked were mainly Industrial Automation, Process Control, Piping Materials, Fitting's Materials, Hardware and General Valves. Based on the success of marketing Agency Products and the need to have Strong Corporate Image, CV. CAHAYA ANUGRAH change the status of the company became PT. ANUGRAH CAHAYA ENGINEERING.

In 2009, PT. ANUGRAH CAHAYA ENGINEERING capitalized into Stocking Business to serve the urgent needs of the market. Ventured to take up Agency Business which required a different approach of selling.

VISION

Become A Reliable Company for Automation and Field Instrumentation Equipment in Indonesia; supported by worldwide reputable brands in Process Control Instrumentation, Control Valves, Transmitter, etc

MISSION

Provide a convenience for our Customers with

"ONE STOP SHOPPING FOR AUTOMATION SOLUTION PRODUCT"

- PRODUCT WARRANTY
- GUARANTEE OF AN ORIGINAL PRODUCT
- PROVIDES COMPETITIVE PRICE
- PROVIDES FULL TECHNICAL SUPPORT

Exclusive Authorized Distributor

INDUSTRIAL AUTOMATION SYSTEM

Distributed control systems for such industries as refining, petrochemical, chemical, iron and steel, pulp and paper, semiconductor, electrical / electronic, automotive, oil and gas, environment monitoring system, wasted water and public utilities.

Distributed Control System (DCS)

Discover Yamatake-DEO, the new automation system from Yamatake. Based on open architecture and standard protocols, it offers the powerful functionality and robust reliability of the best distributed control system (DCS). As a member of Fieldbus Foundation, Yamatake can employ the latest open technologies to provide optimum platform for your plant. Yamatake and Industrial-DEO are two examples of such open system offering dependable global standard automation.

INDUSTRIAL AUTOMATION PRODUCTS

Process control systems, field instruments, and control valves for such industries as refining, petrochemical, chemical, pulp and paper, and public utilities

Electromagnetic Flow Meters

Yamatake's electromagnetic flow meters process unique flow measurement technology and are tailored to meet on site requirements.

Pressure, Temperature Transmitter and Heat Value Gas Chromatograph

Proving that Yamatake is on the cutting edge when it comes to the measurements essential to process control flow, pressure, temperature transmitters and heat value gas chromatograph.

Control Valve & Valve Positioner

For more than 60 years of experience in valve manufacture, Yamatake has installed 650,000 control valves world-wide. It also developed the world's first valve positioner equipped with a microprocessor that capable for fully automatic set-up.

Exclusive Authorized Distributor

MITSUBISHI ELECTRIC INDONESIA (MEIN)

Mitsubishi Electric is one of the world's leading names in the manufacture and sales of electrical and electronic products and systems used in a broad range of fields and applications.

As a global, leading green company, we're applying our technologies to contribute to society and daily life around the world.

Our Line of Products:

System Integrator, Support and Service of FA products in the field of process Automation System and Facility Management & Control System (FMCS)

Q Series Modular PLC | FX Series Compact PLC | L-DCC Controllers | Inverters

Graphic Operation Terminal | SCADA/DC Works | LVS INELUX Product | Digital Power Motor

Human Machine Interfaces (HMI) - GOT

SCADA/DC Works

AEROPAK is the trademark of OKAZAKI's thermocouple. In the AEROPAK structure, a thermocouple element wire was sealed in a thin tube (sheath) made of stainless steel or heat-resisting steel, and its periphery was hardly filled with magnesium oxide which is an inorganic insulator. Based on this structure various products according to the application are made.

Compared to commonly used protective tube thermocouples, sheathed thermocouples have many superior features.

Over the past 60 years WIKA has built a reputation as a renowned partner and competent specialist for any task in the field of measurement technology. The reliability of the products and the readiness to face all challenges of the market have been the key factors for WIKA to achieve a leading position in the global market.

YOUR ONE STOP SOLUTION FOR INDUSTRIAL VALVES

At ACE Engineering, we keep large inventories of valves in several materials, types and sizes from leading manufacturers for use in oil & gas, petrochemicals and other industries.

ACE Engineering also appointed as the authorized distributor for valves.

OUR LINE OF VALVES

JAPAN VALVES

IMEDA Valve
Gate Valves, Globe Valves, Check Valves

SHIBATA Valve
Forged Steel Valves, Gate Valves, Globe Valves

TOTO Valve
Bronze, Brass & Cast Iron Valves

HISAKA WORKS Valve
Ball Valves & Actuator

NIPPON SANGI VALVE (NSV)
Diaphragm Valves, Ball Valves, Butterfly Valves
Sanitary Valves

SOUTH KOREA VALVES

KINKA KIKAI Valve
Gate Valve, Globe Valve, Check Valves,
Ball Valves, Cast & Forged Steel Valves

TAIWAN VALVES

TEREFOX
Fire Safe Valves, Metal Seal & 10 Port Ball Valves,
Butterfly Valves, Dual Plate Check Valve, Bulletin
32nd Forged Valves, Trunnion Mounted Ball Valve
Cryogenic Valves, Special Material Valves,
Cast Steel Gate Globe Check Valve,
Stainless Steel Gate Globe Check

EUROPEAN VALVES

KVC (UK) Valve (United Kingdom)
Globe Valves, Gate Valves, Check Valves,
Ball Valves, Tricore Valves, High-Pressure Valves
Ball Valve Stem Valves

GOODWIN INTERNATIONAL Valve (United Kingdom)
Dual Plate Check Valves (Stainless Steel), Gate Valve
Submerged End, Hub-Ended Dual Check Valves

NAVA ARMATUREN Valve (Germany)
Industrial Valves

USA VALVES

BONNEY FORGE Valve
Forged Steel Valves, Socket Gate Valves, Globe Valves,
Check Valves, Trunnion Valves, Cryogenic Valves, etc.
Cast Steel Valves: Gate Valves, Globe Valves, Check Valves,
Forged Ball Valves, Floating Ball Valves,
Trunnion Mounted Ball Valves
Forged Steel Fittings & Unions: Socket Weld / Threaded Fittings
Flugs & Bunnings, Forged Steel Couplings,
Reducers & Caps Unions

BRANDERS Valve
Industrial Diaphragm Valve

CRANE Valve
Bronze, Cast Iron & Cast Steel Gate, Globe & Check Valves
Automation

KORDEX Valve
Steam Plug Valves, Lined Valves, Butterfly Valves,
Ball Valves (One-Piece, Two-Piece, Three-Piece)
Automation

PhyMetrix®

Moisture Analyzer

PHYMETRIX Moisture Analyzer Model :

- Trace Moisture Instruments and Sampling System for Gaseous, Liquid and Solids
- Humidity Instruments and Sampling System for Gaseous and Solids
- Process Analyzers and Spectrometer for Multi-Gas Analysis
- Oxygen Analyzers and Transmitter for Trace Oxygen & Purity Measurement
- Temperature Sensors & Assembly, Transmitter, Isolated Barriers, Indicators, Indicator & Controllers
- Pressure Sensors, Transmitter, Indicators & Controllers
- Portable & Laboratory Calibration Instrument & System for Temperature, Pressure, Humidity & Trace
- Moisture and Multi-Gas Analysis

DKK-TOA area of becoming a technology-oriented company for development of their mid-term goal. DKK-TOA expanding their "electrochemical sensor technology" which is a core technology, focusing on the environmental and process control business, and continue with the development of products that meet our customers needs.

Laboratory Analyzers - Process Analyzer
pH/Meter - CRP Meter, Conductivity Analyzer
& Dissolved Oxygen Analyzer

SAWADA SEISAKUSHO CO., LTD.

Sawada Seisakusho is one of the few manufacturers in Japan with a complete line of liquid level gauges, ranging from low-pressure to high-pressure models. With the exception of certified gauges for high-pressure gas, they provide ODG brand gauge models meeting any specification required to indicate tank liquid levels.

Liquid level gauge / Magnetic Level Gauge
Level Sensor / Valve

MARUSHICHI ENGINEERING CO., LTD.
Piston Pump, Centrifugal Pump & Spare Parts

Piston Pump, Centrifugal Pump & Spare Parts

Actuation or automation of process systems and equipment is a critical component of today's industrial environment. MOTOMUCT has designed a range of high-performance actuators that provide a complete actuation solution.

From the premier FULL 316 STAINLESS STEEL unit, to the more economical carbon steel version, MOTOMUCT implements the highest degree of design and engineering principles to produce a world class actuation package.

Presentation & Training AZDL Product at PT. BAKAK MOL

Project of Upgrading Insulation & Training GDT2000
HMI MITSUBISHI at PT. Pupuk Kaltim

Provision & Installation Safety Protection SEPAM SCHNEIDER
at PT. Kalim Natural Industri

Presentation & Training PERMETRIX Moisture Analyzer
at PT. Kalim Parna Industri

Provision of Control Valve AZDL at PT. Indotek Mandiri

Provision of On-Off Ball Valve TEROFIX & Actuator
MOTOMUCT at PT. Kalim Nisale Indonesia

Provision of Pipe & Fitting 22 inch & 14 inch
AZDL-WP22 at PT. Kalim Parna Industri

Training & Simulation Workshop AZDL Products
at AZDL, Cikur, Jakarta
