SAFETY RANGER® IS ABOUT 'SAFETY IN STYLE'

PT Kurnia Indo Manufaktur (KIM) launched Safety Ranger®, a high quality Safety Footwear Products.

WIDER OUTSOLE

'NEXT LEVEL STABILITY'

GRIP

Provide a safe friction coefficient for walking over wet surface. Slip resistance reduce the risks of slips.

STABILITY

Increase response to inertial forces acting on the body, in order to achieve a state of equilibrium between body and surrounding environment.

BRAKING-TRACTION

Our sole has a sole shape that produces natural and adequate braking force spontaneously on your step.

ABSORBER

Enabled even distribution of load across the plantar surface of the foot. Provide shock absorption during heel strike.
