

FLOW FORCE

Bulk Material Handling and Processing Equipment Specialists

“ Flow Force is run by highly motivated engineers and fully backed by the principals ”

To Answer The Market Demand Of Bulk Material Handling And Processing Equipment, Flow Force Are Pleased To Offer The Following Services :

- System Proposals For Either Budget Or Firm Quotation
- Complete System Design, Supply And Site Installation
- Overall, Integrated Contract Control And Supervision
- Electrical And Pneumatic Control System Design
- New Process Research And Development Assistance
- Specialised Equipment Design And Fabrication
- Regular Maintenance And Service
- On-the Job Operator Training
