TILTING STERILIZER

THE BEST SOLUTION IN STERILIZATION SYSTEM

**AUTHORIZED
DISTRIBUTOR**

**PATENT NUMBER
ID P 0023361**

Modern POM with Tilting Sterilizer

Modern Plant

BENEFIT & ADVANTAGES of Tilting Sterilizer

- **Lower Construction Cost with Less Machineries**
No need FFB cages, rail tracks, transfer carriages, capstans, bollards, winches, overhead-cranes, hoists, cage indexer system, cantilever bridges, tipper, pushers and tractors, EFB press, EFB Splitter and SFB post heating cooker
- **High Throughput**
Shortest steaming time in industry (45-50 minutes). Compact and with minimum dead space
- **Low down-time**
Reduced down-time due to lesser machineries and human factors
- **Minimum oil loss**
Low oil loss in EFB. No oil drips, and condensate is directly used for dilution
- **Lower power consumption and waste water discharge**
Due to lesser machinery and use > 50% lower steam consumption than conventional system
- **Easy & Safe to Operate**
Much easier to operate than conventional horizontal sterilizers Automatic operation with safety interlocks, and cleaner working environment
- **Lower Operation & Maintenance Costs**
Only 2-3 operators to operate a multiple sterilizers station
- **Minimum Damage to FFB**
The tilted positions allows FFB to slide/roll down during filling
- **Much smaller sterilization station >>> lower cost**
Needs only 30% of the space occupied by horizontal sterilizer

KAMKIT ENGINEERING MACHINE

KAMKIT RUBBER PROCESSING MACHINERY
SOLUTION OF YOUR NATURAL CRUMB RUBBER PRODUCTION

**AUTHORIZED
DISTRIBUTOR**

Kam Kit Engineering Sdn. Bhd.
(INCORPORATED IN MALAYSIA)
No. 49, Medan Tasek, Tasek Industrial Estate,
31400 Ipoh, Perak Darul Ridzuan, Malaysia.
Tel: 605-5479671/5479673 Fax: 605-5479672/5479678

Ruko Bandungan Megah,
No. 81, Blok B-19,
Jakarta Utara,
Indonesia.

Authority to PT. Mega Daya Industri

This is certify that Mr. Jonda H. BE. Mech, company of PT Mega Daya Industri act as Kam Kit Engineering Sdn. Bhd. product marketing representative (similar role as a marketer person), and use Kam Kit Engineering Sdn. Bhd. product picture, information, brochure or any relevant marketing purpose material, for marketing purpose.

This Authorisation will remain valid until un-authorisation notice.

Thank you.
