

PRODUCT CATALOGUE

PT. MEDIA PNEUMATIC

COMPANY PROFILE

▪ HISTORY

PT. Media Pneumatic was established in November 2008.

PT. Media Pneumatic provides a wide range of pneumatic product and lubrication systems product .

PT. Media Pneumatic is an authorized distributor of:

- Pneumatic product : CKD, METAL WORK, EMC
- Lubrication product : CHENYING, SHOWA, GRACO
- Air Motor product : GLOBE

PT. Media Pneumatic committed to provide genuine goods with good quality and the best service to all customer, competitive price and short delivery times also very important to our company.

▪ VISION

PT. MEDIA PNEUMATIC being the leading company in the supply of pneumatic products and lubrication products, both in terms of good quality, price, prompt delivery time and best after sales services to the customer.

▪ HUMAN RESOURCES

Management Company is also aware that human resources (HR) is one of the most important assets that support the continuity of the performance of management of the Company. Recruiting the best talent, ensuring job satisfaction and improving employee competency, we do in order to achieve excellence together PT. Media Pneumatic is supported by all human resources that are reliable, have integrity, and professional in his field.

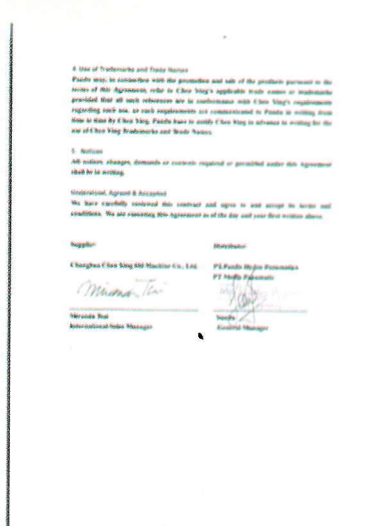

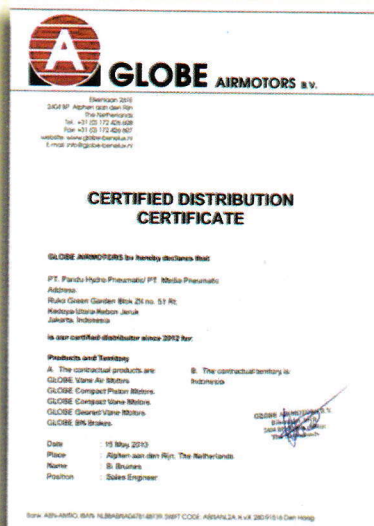

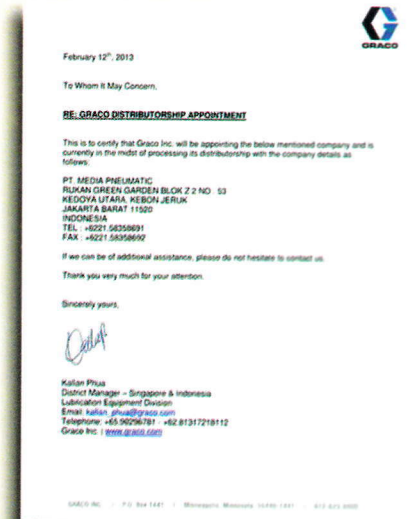

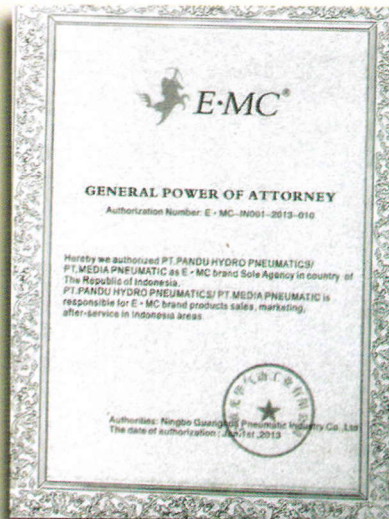

▪ LEGALITY

NPWP (Nomor Pokok Wajib Pajak) : 02.751.264.9.039.000

TDP (Tanda Daftar Perusahaan) : 09.02.1.46.36034

SIUP (Surat Izin Usaha Perdagangan) : 07241-03/PM/1.824.271

Letter of Authorised Distributor :

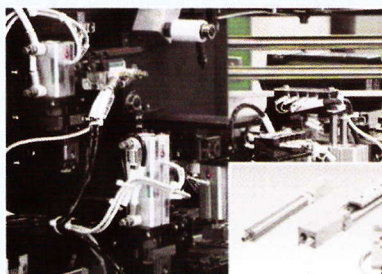

CKD has been a pioneer in automation. CKD have always been anticipating the changing times and adapting various automatic machinery and automation products to meet the changing needs. Now CKD offer a vast number of products to users in every industry.

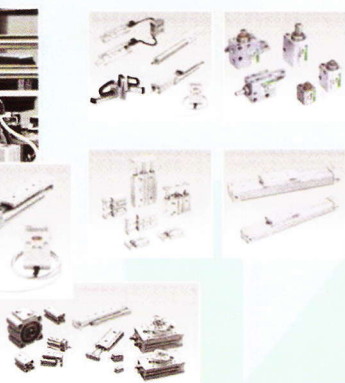

COMPONENT FOR INDUSTRIAL AUTOMATION

ACTUATOR

Satisfying demand for automation with electric actuators and a variety of pneumatic cylinders from miniature size to large bore size.

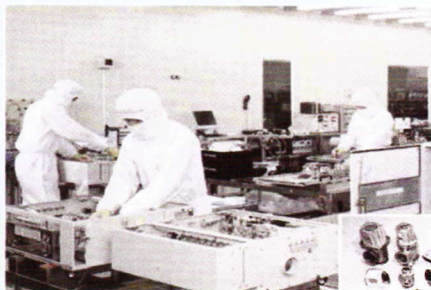

RELATED PNEUMATIC PRODUCTS

Leave it to CKD "Clean Air System" to deliver total quality control for your compressed air.

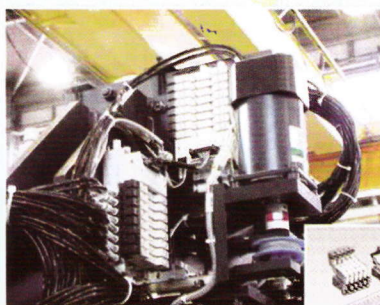

HIGH PURITY CHEMICAL GAS/ LIQUID CONTROL SYSTEMS

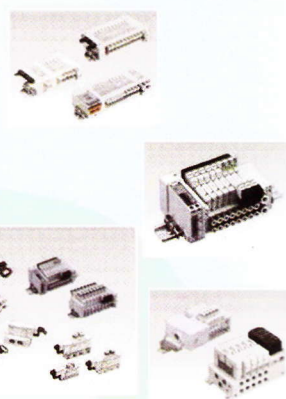

To control high purity fluids in semiconductor and liquid crystal fabrication, CKD's fluid control devices meet your toughest requirement in super clean environment.

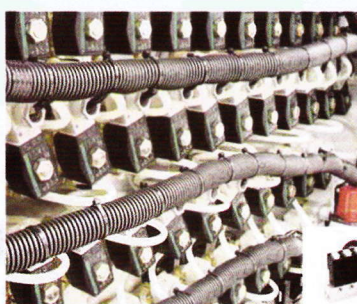

PNEUMATIC VALVES

CKD is meeting increasingly diverse market requirements by continual application of our compressed air technologies.

GENERAL PURPOSE VALVES

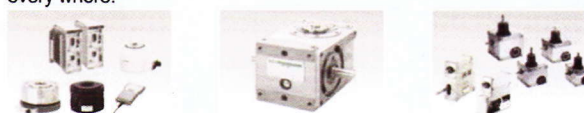

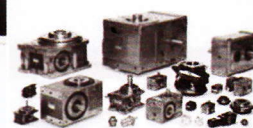

Superb quality and product variety represent CKD's philosophy for fluid control devices.

LABOR SAVING MECHANISMS

In every type of drive system for processing, assembling machining, CKD's labor saving machines robust performance at manufacturing sites every where.

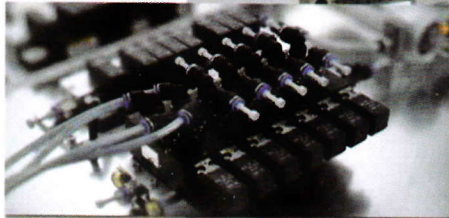

EMC[®]

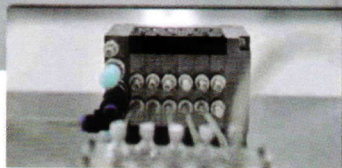

» Electric cylinder and intensive industry robot

» Air filter, regulator and lubricator

» Directional valve

» Valve island

» Fitting

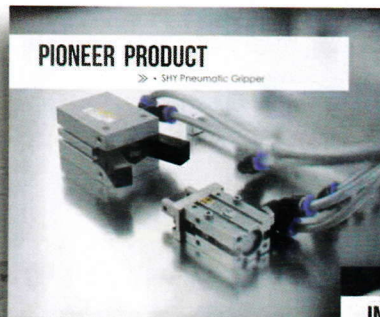

» Solenoid valve

PIONEER PRODUCT

» SHY Pneumatic Gripper

INNOVATIVE PRODUCT

» EKS Double Shaft Cylinder • SG Three Shaft Cylinder

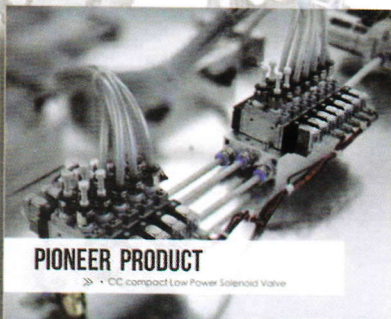

PIONEER PRODUCT

» EGE Electric Cylinder • Intensive Industry Robot

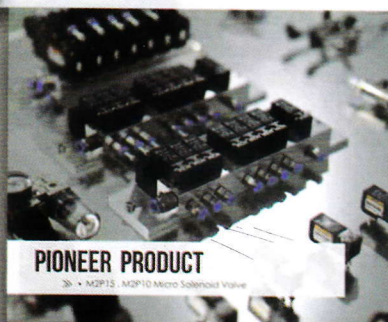

PIONEER PRODUCT

» CC compact Low Power Solenoid Valve

PIONEER PRODUCT

» M2P15 • M2P10 Micro Solenoid Valve

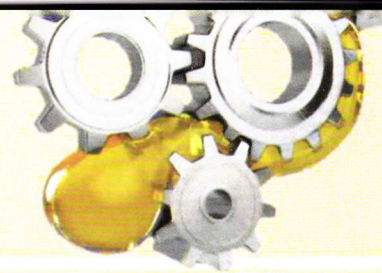

PIONEER PRODUCT

» VI Valve Island

EMC Pneumatic provides a full range of pneumatic components ranges, pneumatic cylinder, directional valve, solenoid valve, airtreatment units, pneumatic fittings to support the big automation industry system and daily increasing personalized industry demands, with world class facilities, top material and strictly controlled quality, including many standard pneumatic component and even more non-standard pneumatic component.

Fire-Ball Pumps

The pump of choice in the most demanding environments. Field-proven to perform for reliability you can trust.

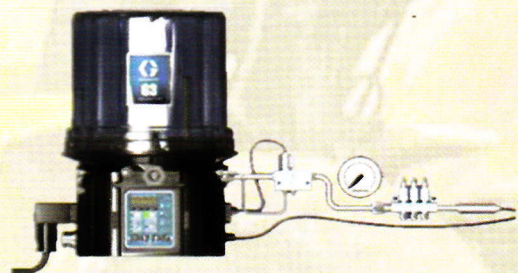

G3 Lubrication Systems

G3 gives you unmatched flexibility in a rugged, cost-effective package. Big features in a compact pump.

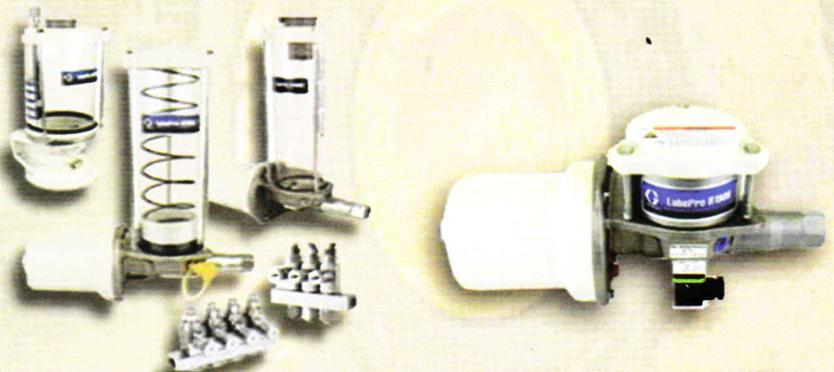

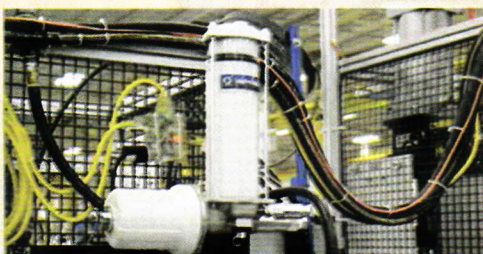

G3 Injector-based

G3 then sends a signal to the vent valve to begin venting pressure from the line. The vent will reach a pre-set time and cease venting, returning the system to off mode.

LubePro™ Series Pumps

Need a better way to lubricate? Without proper lubrication your factory's machines can suffer from downtime and reduced life, which impacts your company's bottom line. Avoid the hassle with LubePro.

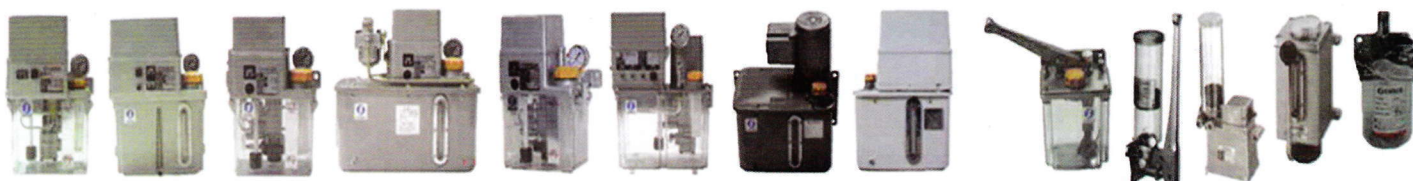

SHOWA

Lubrication system

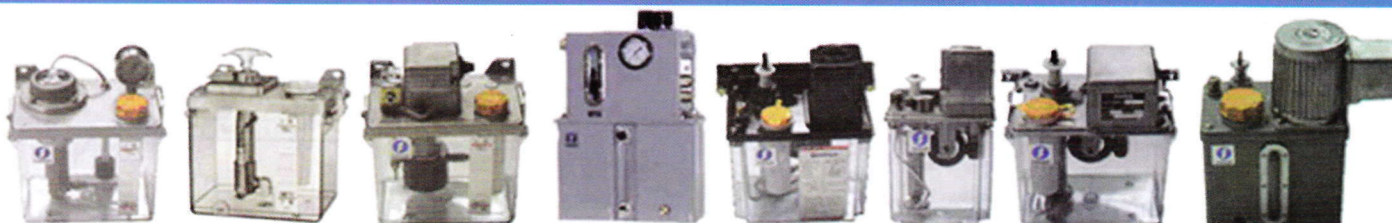

Our centralized lubrication system can feed lubricant to multiple points from a single source

APPLICATION

GLOBE AIRMOTORS PROGRAM:

Vane Air Motor

Reversible, available in flange, foot, or face execution. Power from 0,44 to 9,5kw

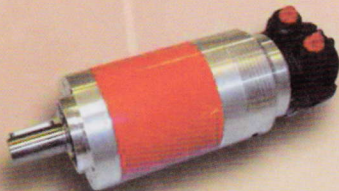

Compact Air Motor

Reversible, compact, available with a wide range of incorporated reduction units. Power from 180 to 1000W

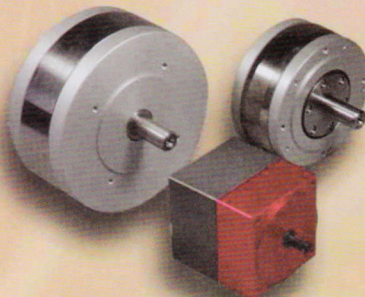

Radial Piston Motor

Available with proportional hand or remotely controlled valve, pneumatic brake and all types of gearboxes. Power from 0,8 to 23kW

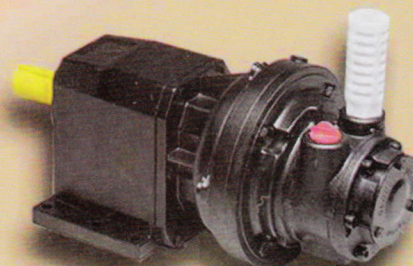

Planetary Geared Vane Air motor

Reversible and a compact solution. Available with gear ratios from 3:1 to 1000:1. Power from 0,44 to 5,4kW

Compact Piston Air Motor

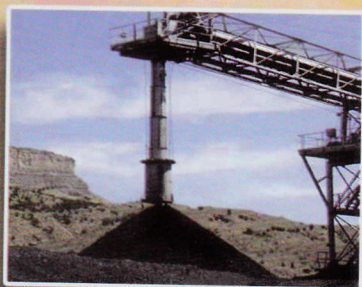

High torque at low speed of rotation, very low air consumption and low noise level. Power from 110 to 460W

Vane Air Motor with Gearbox

Available with planetary, coaxial, or worm gearboxes. Also possible with pneumatic brake

APPLICATION :

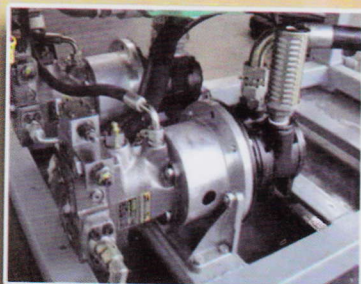

Air motors - Lifting tables

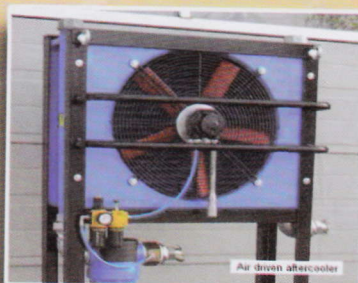

Air motors - Umbilical reel

Air motors - Material Handling

Air motors - Pump drives

Air motors - After coolers

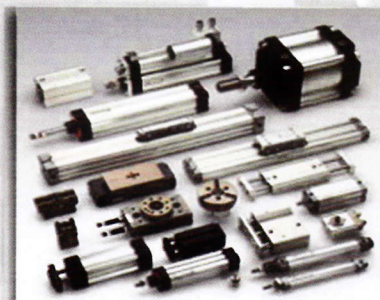

Air motors - Agitator

Metal Work, A Leading Italian Company Specializing in the manufacture and distribution of pneumatic components. Pneumo-Power' & Syntesi

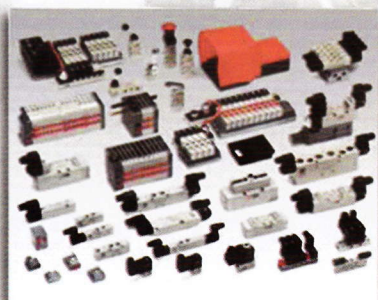

- ☐ Pneumatic Cylinder
- ☐ Rotary Actuator
- ☐ Grippers
- ☐ Slide Units and Rodless Cylinders Hand
- ☐ Mechanical
- ☐ Solenoid & Pilot Operated Valves
- ☐ Air Service Units, Fitting & Tubing

ACTUATORS

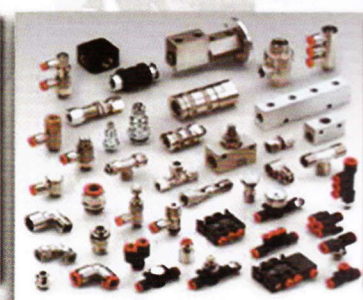

VALVES

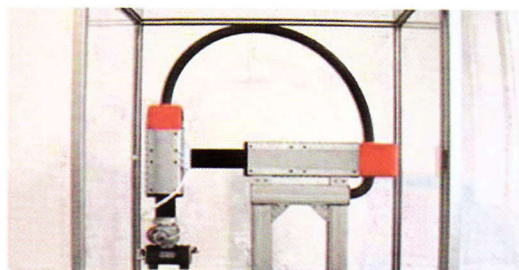

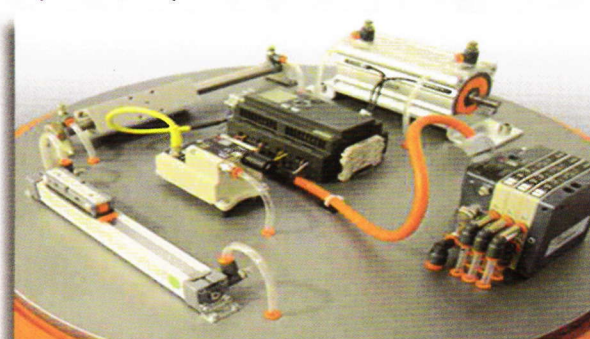

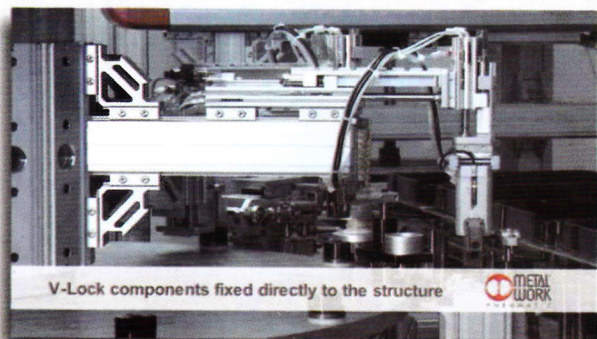

FRL'S

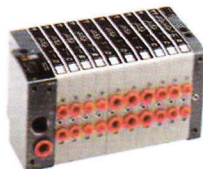

FITTINGS

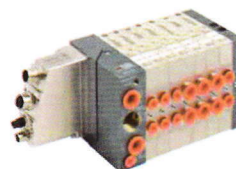

Used to power the PLC of a portable automation unit (an electric logic machine instead of a machine using pneumatic logic can be created, without the need for a power cable).
