SEKILAS SURVEYOR INDONESIA

Surveyor Indonesia in Briefs

PT Surveyor Indonesia atau yang disebut dengan **Surveyor Indonesia** adalah perusahaan yang bergerak di bidang pengujian, inspeksi, dan verifikasi (*testing, inspection, certification/TIC*) yang didirikan pada 1 Agustus 1991.

Pada tanggal 5 Mei 2021, Pemerintah menerbitkan Peraturan Pemerintah (PP) NO.66 Tahun 2021 tentang Penambahan Penyertaan Modal Negara Republik Indonesia ke dalam Modal Saham Perusahaan Perseroan (Persero) PT Biro Klasifikasi Indonesia. Hal ini secara prinsip menandai babak baru perjalanan tiga perusahaan jasa survey; PT Biro Klasifikasi Indonesia (Persero), PT SUCOFINDO, dan PT Surveyor Indonesia menjadi Holding BUMN Jasa Survei dengan nama **IDSurvey**. Kemudian secara resmi ditandatangani akta Holding melalui RUPSLB BUMN Jasa Survei pada tanggal 16 Desember 2021.

Surveyor Indonesia berkantor pusat di Jakarta dan memiliki 9 kantor cabang serta beberapa kantor perwakilan dan unit wilayah kerja di seluruh Indonesia. Kami menyediakan pelayanan baik di pasar dalam negeri maupun luar negeri. Pada tahun 1998, Surveyor Indonesia melakukan sejumlah diversifikasi produk jasa berbasis survei, verifikasi, monitoring, dan konsultasi. Pada tahun 2008, Surveyor Indonesia melakukan re-focusing pada bisnis yang sudah dijalankan dengan mengoptimalkan kekuatan sebagai independent assurance. Kemudian pada tahun 2010, Surveyor Indonesia membentuk 6 (enam) unit bisnis strategis dengan mengembangkan kompetensi pegawai.

*PT Surveyor Indonesia known as **Surveyor Indonesia** is a company engaged in testing, inspection, certification (TIC) which was established on August 1st, 1991.*

*On 5th of May 2021, the Government issued Government Regulation (PP) No. 66 / 2021 about the addition of Republic of Indonesia's Equity Participation into the Share Capital of the Limited Liability Company (Persero) PT Biro Klasifikasi Indonesia. This principle marked as a new chapter in the journey of three survey service companies; PT Biro Klasifikasi Indonesia (Persero), PT SUCOFINDO, and PT Surveyor Indonesia that became BUMN Survey Services Holding named **ID Survey**. Then the holding deed was officially signed through General Meeting of Extraordinary Shareholders of BUMN Survey Services on 16th of December 2021.*

Surveyor Indonesia is headquartered in Jakarta and has 9 branch offices and several representative offices and work areas throughout Indonesia. We provide services for both domestic and foreign markets. In 1998, Surveyor Indonesia diversified its services into surveys, verification, monitoring, and consulting. In 2008, Surveyor Indonesia re-focused on its existing business by optimizing its strengths as independent assurance. Now, Surveyor Indonesia is focused on delivering services for 7 industrial sectors. Then in 2010, Surveyor Indonesia formed 6 (six) strategic business units to develop employee competencies.

GUARDIAN *OF ASSURANCE*

Pada tahun 2015, dilakukan penguatan bisnis terhadap 4 (empat) sektor yaitu Kelembagaan dan Institusi, Infrastruktur, Mineral dan Batubara, serta Minyak dan Gas. Pada tahun 2024, Surveyor Indonesia mengukuhkan diri dan mengambil peran sebagai **“Guardian of Assurance”** yang berkomitmen menghadirkan rasa aman dan pemastian bagi industri dan masyarakat.

Kini, PT Surveyor Indonesia berfokus pada layanan di sektor **institusi dan kelembagaan, infrastruktur, mineral, batu bara, dan lingkungan, minyak, gas, dan energi terbarukan, keberlanjutan, sertifikasi, dan laboratorium uji pelumas.**

*In 2015, business strengthening was carried out in 4 (four) sectors, namely Government and Institution, Infrastructure, Coal and Mineral, as well as Oil and Gas. In 2024, Surveyor Indonesia solidified its position as the **“Guardian of Assurance”** proudly embracing its mission to deliver unwavering security and trust to industries and society. With steadfast commitment, it stands as a beacon of reliability, ensuring safety, quality, and assurance for all.*

*Now, PT Surveyor Indonesia is focused on delivering services for **government and institution, infrastructures, coal, mineral, and environment, oil, gas, and renewable energy, sustainability, halal certification, and lubricant testing laboratory.***

VISI & MISI

VISI

Menjadi perusahaan Independent Assurance Nasional yang diakui dunia dalam memberikan solusi menyeluruh kepada pelanggan.

MISI

- ✦ Mendorong pelanggan untuk mampu memenuhi persyaratan pelanggan global sehingga memiliki daya saing global.
- ✦ Mitra strategis pemerintah, swasta dan lainnya untuk mengoptimalkan pemanfaatan sumberdaya dan produk dalam negeri pada bidang infrastruktur, kemaritiman, energi dan ketahanan pangan.
- ✦ Menyediakan sumberdaya manusia yang memiliki kompetensi nasional dan atau internasional dan teknologi terkini untuk memenuhi tuntutan pasar.

Vision & Mission

VISION

To be a world recognized national independent assurance company in total solution services.

MISSION

- ✦ Encouraging customers to meet the requirements of global customers with global competitiveness.
- ✦ A strategic partner to the government, private sector and others in optimizing the utilization of domestic resources and products for infrastructure, maritime, energy and food security.
- ✦ Providing national and or international competence human resources and the latest technology to meet market demands.

NILAI - NILAI PERUSAHAAN Corporate Values

AMANAH

Memegang teguh kepercayaan yang diberikan.

TRUSTWORTHY

Holding the trust.

KOMPETEN

Terus belajar & mengembangkan kapabilitas.

COMPETENCE

Continue to learn & develop capabilities.

HARMONIS

Saling peduli & menghargai perbedaan.

HARMONY

Showing mutual respect and care for differences.

LOYAL

Berdedikasi & mengutamakan kepentingan bangsa & negara.

LOYAL

Dedicated and prioritizing the interests of the state and nation.

ADAPTIF

Terus berinovasi & antusias dalam menggerakkan ataupun menghadapi perubahan.

ADAPTIVE

Continue to innovate and enthusiastic to be an agent of change in facing new changes.

KOLABORATIF

Membangun kerjasama yang sinergis.

COLLABORATIVE

Building synergetic collaboration.

SAMBUTAN DIREKTUR UTAMA

PT Surveyor Indonesia kian mantap mencapai visi sebagai perusahaan pemberi jaminan yang tidak memihak dalam setiap transaksi (independent assurance). Pengalaman kami melayani pasar jasa tersebut selama ini menjadi kekuatan utama yang didukung oleh sumber daya manusia yang memiliki pengalaman dan kompetensi fungsional yang kuat dalam memberikan pelayanan terbaik bagi para pelanggan kami. Bidang jasa yang kami layani mencakup Institusi dan Kelembagaan, Infrastruktur, Mineral, Batubara, dan Lingkungan, Minyak, Gas, dan Energi Terbarukan, Sertifikasi, Lab Uji Pelumas, dan Keberlanjutan. Bagi kami, pelanggan adalah sumber inspirasi dalam memberikan layanan terbaik.

Kami senantiasa berusaha memberikan nilai tambah terbaik dengan menyediakan solusi secara total, layanan yang khas dan pas berstandar internasional, serta berbasis pada integritas, inovasi, dan teknologi. Kami juga senantiasa menciptakan iklim kerja yang kondusif guna mendorong peningkatan kompetensi, profesionalisme, inovasi, pengembangan karir demi meraih peningkatan kinerja perusahaan, dan kemajuan yang berkesinambungan.

Pencapaian kinerja tersebut tidak terlepas dari langkah - langkah penyelarasan unsur-unsur manajemen strategis yang diterapkan dalam pengelolaan perusahaan. Hal ini dikukuhkan dengan penetapan visi, misi, arah, sasaran, strategi, dan program strategis PT Surveyor Indonesia yang memberikan landasan bagi arah proses bisnis seperti harapan seluruh jajaran manajemen, yaitu menjadi mitra terpercaya dalam bidang *independent assurance* dengan kompetensi tinggi untuk berkiper di pasar global.

Sandry Pasambuna
Direktur Utama

President Director's Remark

PT Surveyor Indonesia is confident to achieve its vision statement to become a provider of independent assurance in every transaction. Our vast experience in this market has become the major power coupled with highly experienced and competent human resources capable of delivering the best services for our customers. The sectors that we are ready to serve include Government and Institution, Infrastructure, Coal, Mineral, and Environment, Oil, Gas, and Renewable Energy, Certification, Lubricant Testing Laboratory, and Sustainability. To us, customers are the source of inspirations to deliver qualified services.

We thrive to provide the best added-value, by providing total solutions, customized services using international standards, and which are based on integrity, innovation, and technology application. We also thrive to develop a conducive working environment for advancing our competencies, professionalism, innovations, personnel career development in order to ensure improved performance and sustainable growth for the company.

The attainment of the targeted performance will always call for the concerted actions of all the strategic management components being implemented in the company management. This was achieved by putting in place the visions, missions, goals, strategy, and strategic programs of PT Surveyor Indonesia which will provide the bases and directions for the business processes according to the expectation of the management, namely to become the leading partner in the field of independent assurance with high competence in order to be able to compete in the global market.

INSTITUSI DAN KELEMBAGAAN

Government and Institution

Memfasilitasi pemerintah dan industri dalam menerapkan kebijakan yang telah diatur, dengan melakukan verifikasi terhadap pemanfaatan fasilitas yang diberikan oleh Pemerintah.

Pemerintah

- Konsultansi, Monitoring dan Evaluasi Pelaksanaan Program Pemerintah

Perdagangan

- Verifikasi Barang Modal Bukan Baru / *Second Hand Goods*
- Verifikasi Fasilitas Economic Partnership Agreement
- Verifikasi Fasilitas Khusus Bea Ekspor/ Impor
- Verifikasi Pemeriksaan Teknis Impor Barang (VPTI)

Perindustrian

- Survei dan Konsultansi terkait Bisnis, Pelayanan Pelanggan dan Sumberdaya Manusia
- Verifikasi Fasilitas Insentif Industri
- Konsultansi Rantai Pasok (Supply Chain)
- Konsultansi dan Pendampingan Investasi

Facilitating the government and industries in implementing established policies by conducting verification of the utilization of facilities provided by the government.

Government

- *Government Program Implementation Consultancy, Monitoring, and Evaluation*

Trade

- *Second-hand Goods (SHG) Verification*
- *Economic Partnership Agreement Facilities Verification*
- *Special Customs Duty Import/Export Facilities Verification*
- *Technical Import Goods Inspection Verification*

Industrial

- *Business, Customer Service, and Human Resources-related Survey and Consultancy*
- *Industrial Incentive Facilities Verification*
- *Supply Chain Consultancy*
- *Investment Consultancy and Advisory*

INFRASTRUKTUR

Infrastructure

Menyediakan layanan pemastian terhadap perencanaan, pembangunan, dan pemeliharaan proyek infrastruktur, serta verifikasi Tingkat Komponen Dalam Negeri (TKDN).

Pemerintah

- Konsultasi Program Peningkatan Penggunaan Produk Dalam Negeri (P3DN)

Perindustrian

- Audit dan Verifikasi Sistem Manajemen Berbasis K3
- Konsultasi Manajemen Aset
- Verifikasi Tingkat Komponen dalam Negeri (TKDN)

Sertifikasi Sistem dan Produk

- Pengembangan Sistem Manajemen Berbasis Standar Nasional maupun Internasional

Teknologi, Infrastruktur, dan Properti

- Konsultasi dan Asesmen Kinerja Layanan Digital dan Jaringan IT
- Konsultasi Informasi dan Teknologi
- Konsultasi Manajemen Konstruksi
- Konsultasi Pemenuhan Regulasi Pemerintah terkait Proyek Infrastruktur
- Konsultasi Perencana Teknis Konstruksi
- Konsultasi Transformasi Digital

Transportasi dan Logistik

- Konsultasi Infrastruktur Pelabuhan

Providing assurance services for the planning, construction, and maintenance of infrastructure projects, as well as verification of the Domestic Content Level (TKDN).

Government

- *Increased Use of Domestic Products Program (P3DN)*

Industrial

- *HSE Based Management System Audit and Verification*
- *Asset Management Consultancy*
- *Local Content Verification (TKDN)*

System and Product Certification

- *National or International Standards Management System Development*

Technology, Infrastructure, and Property

- *Digital Services and IT Network Performance Assessment and Consultancy*
- *Information and Technology Consultancy*
- *Construction Management Consultancy*
- *Government-related Infrastructure Projects Regulatory Compliance Consultancy*
- *Construction Technical Planning Consultancy*
- *Information and Technology Consultancy*

Logistic and Transportation

- *Port Infrastructure Consultancy*

MINERAL, BATUBARA, DAN LINGKUNGAN

Coal, Mineral, and Environment

Mendukung industri pertambangan mineral dan batubara melalui penyediaan jasa pengujian produk, verifikasi kuantitas, dan kualitas produk mineral, batubara, dan lingkungan.

Mineral dan Batubara

- Q&Q Komoditi Mineral dan Batubara
- Channel Sampling
- Stock Opname
- Stockpile Calculation Batubara
- Survei Pemetaan
- Konsultasi Lokasi Eksplorasi
- Eksplorasi Tambang
- Konsultasi Teknis Fasilitas Smelter
- Blending Management
- Survei Estimasi Harga Pengolahan/Pemurnian
- Draught Survey
- QA/QC Produk Mineral dan Batubara
- Coal Handling and Transportation
- Bias Test
- Inspeksi Pra Pengapalan Komoditi Mineral dan Batubara serta Turunannya

Supporting the mineral and coal mining industry by providing product testing services, as well as verifying the quantity and quality of mineral, coal, and environmental products.

Coal and Mineral

- Q&Q of Mineral and Coal Commodities
- Channel Sampling
- Stock Opname
- Stockpile Calculation for Coal
- Survey Mapping
- Exploration Location Consultancy
- Mine Exploration
- Technical Consultancy for Smelter Facilities
- Blending Management
- Survey for Estimation of Processing/Refining Costs
- Draught Survey
- QA/QC for Mineral and Coal Products
- Coal Handling and Transportation
- Bias Test
- Pre-Shipment Inspection of Mineral and Coal Commodities and Their Derivatives

MINERAL, BATUBARA, DAN LINGKUNGAN

Coal, Mineral, and Environment

Pekerjaan Lingkungan

- Analisis Mengenai Dampak Lingkungan (AMDAL) dan Upaya Pengelolaan Lingkungan (UKL)
- Environment and Social Impact Analysis (ESIA)
- Kesesuaian Kegiatan Pemanfaatan Ruang (KKPR) dan Kesesuaian Kegiatan Pemanfaatan Ruang Laut (KKPRL)
- Persetujuan Teknis dan SLO Emisi, Air Limbah, LB3
- Persetujuan Pengelolaan Kawasan Hutan
- Feasibility Study Pengelolaan Limbah
- Validasi DRAM Gas Rumah Kaca
- Dokumen Evaluasi Lingkungan Hidup (DELH)
- Dokumen Pengelolaan Lingkungan Hidup (DPLH)
- Pemantauan, Pelaporan, dan Pengujian Kualitas Lingkungan Hidup
- Audit Lingkungan Hidup
- PROPER
- Konsultansi Rehabilitasi Daerah Aliran Sungai (DAS)/Rehabilitasi Hutan dan Lahan (RHL)
- Konsultansi Pemulihan Lahan Terkontaminasi
- Reklamasi Pasca Tambang
- Lembaga Validasi/Verifikasi Gas Rumah Kaca

Environmental Work

- *Environmental Impact Analysis (AMDAL) and Environmental Management Efforts (UKL)*
- *Environment and Social Impact Analysis (ESIA)*
- *Spatial Utilization Activity Suitability and Marine Spatial Utilization Suitability*
- *Technical Approval and SLO for Emmission, Wastewater, Hazardous Waste*
- *Forest Area Management Approval*
- *Feasibility Study for Waste Management*
- *Validation of DRAM for Greenhouse Gas*
- *Environmental Evaluation Document (DELH)*
- *Environmental Management Document (DPLH)*
- *Monitoring, Reporting, and Testing of Environmental Quality*
- *Environmental Audit*
- *PROPER*
- *Consultancy for Watershed Rehabilitation/Reforestation*
- *Consultancy for Contaminated Land Remediation*
- *Post-Mining Reclamation*
- *Greenhouse Gas Validation/Verification Institution*

MINYAK, GAS, DAN ENERGI TERBARUKAN

Oil, Gas, and Renewable Energy

Menyediakan layanan terintegrasi Migas dan Energi Baru Terbarukan dari hulu ke hilir. Meliputi pemastian kualitas dan kuantitas produk serta meningkatkan produktivitas melalui kegiatan Inspeksi, Testing, Verifikasi, dan Konsultansi.

Providing integrated services for Oil & Gas and New Renewable Energy from upstream to downstream. This includes ensuring product quality and quantity while enhancing productivity through Inspection, Testing, Verification, and Consultancy activities.

Minyak dan Gas

- Q&Q Liquid, Gas, Bulk Cargo Survey
- Survei Kebumihan Minyak dan Gas (Geologi, Geofisika, Geokimia, Geolistrik, Geoteknik)
- Survei dan Interpretasi Seismik Migas
- Survei Pemetaan Darat dan Udara
- Integrated Project Management Drilling Migas
- Penunjang Pengeboran Migas
- Technical Staffing System
- Feasibility Study dan Kajian Bisnis Migas
- Konsultansi Perizinan dan Pembebasan Lahan
- Verifikasi Masterlist/Rencana Impor Barang
- Kalibrasi/Tera/Inspeksi Peralatan
- Penilaian Sisa Umur Peralatan
- Uji Tanpa Rusak
- Supervisi QA/QC Fasilitas Industri Migas
- Inspeksi Sarana & Prasarana Pengapalan
- Inventarisasi dan Manajemen Aset dan Fasilitas Migas
- Analisis Konsumsi Bahan Bakar

Oil and Gas

- Q&Q Liquid, Gas, Bulk Cargo Survey
- Oil and Gas Geoscience Survey (Geology, Geophysics, Geochemistry, Geoelectrics, Geotechnics)
- Oil and Gas Seismic Survey and Interpretation
- Land and Aerial Mapping Survey
- Integrated Project Management for Oil and Gas Drilling
- Oil and Gas Drilling Support
- Technical Staffing System
- Feasibility Study and Oil and Gas Business Review
- Licensing and Land Clearance Consulting
- Masterlist/Import Plan Verification
- Calibration/Testing/Inspection of Equipment
- Remaining Life Assessment
- Non-Destructive Testing
- QA/QC Supervision of Oil and Gas Industrial Facilities
- Shipping Facilities Inspection
- Inventory and Management of Oil and Gas Assets and Facilities
- Fuel Consumption Analysis

MINYAK, GAS, DAN ENERGI TERBARUKAN

Oil, Gas, and Renewable Energy

Energi Baru Terbarukan dan Kelistrikan

- Survei Kebumihan Panas Bumi (Geologi, Geofisika, Geokimia, Geolistrik, Geoteknik)
- Survei dan Interpretasi Seismik Panas Bumi
- Survei dan Inventarisasi Right of Way
- Integrated Project Management Drilling Panas Bumi
- Penunjang Pengeboran Panas Bumi
- Kajian Kelayakan Pembangunan Pembangkit Listrik EBT dan Non-EBT
- Supervisi Konstruksi Pembangkit Listrik EBT dan Non-EBT
- Konsultansi Perizinan Pembangunan Pembangkit Listrik EBT dan Non-EBT
- *Technical Staffing System*
- *Feasibility Study* dan Kajian Bisnis EBT dan Kelistrikan
- Survei Pemetaan Darat dan Udara
- Verifikasi Masterlist/Rencana Impor Barang
- Sertifikasi dan Re-sertifikasi Laik Operasi EBT dan Non EBT
- Sertifikasi Manajemen Keselamatan Ketenagalistrikan
- Inventarisasi Aset dan Fasilitas EBT
- Konsultansi Transisi EBT
- Inspeksi Peralatan dan Aset Manajemen Kelistrikan EBT dan non EBT
- Pendampingan Sertifikasi Manajemen Keselamatan Ketenagalistrikan
- Audit Energi dan Sistem Manajemen Energi
- Survei Performa dan Kepuasan Pelanggan
- Supervisi QA/QC Fasilitas Industri EBT

Renewable Energy and Electricity

- *Geothermal Geoscience Survey (Geology, Geophysics, Geochemistry, Geoelectrics, Geotechnics)*
- *Geothermal Seismic Survey and Interpretation*
- *Right of Way Survey and Inventory*
- *Integrated Project Management for Geothermal Drilling*
- *Geothermal Drilling Support*
- *Feasibility Study for Renewable and Non-Renewable Power Plant Development*
- *Construction Supervision for Renewable and Non-Renewable Power Plants*
- *Licensing Consulting for Renewable and Non-Renewable Power Plant Development*
- *Technical Staffing System*
- *Electricity and Renewable Energy Business Review and Feasibility Study*
- *Land and Aerial Mapping Survey*
- *Masterlist/Import Plan Verification*
- *Certification and Recertification for Operational Readiness of Renewable and Non-Renewable Energy*
- *Electrical Safety Management Certification*
- *Inventory of Renewable Energy Assets and Facilities*
- *Renewable Energy Transition Consulting*
- *Inspection of Equipment and Electrical Asset Management for Renewable and Non-Renewable Energy*
- *Assistance with Electrical Safety Management Certification*
- *Energy Audit and Energy Management System*
- *Performance and Customer Satisfaction Survey*
- *QA/QC Supervision of Renewable Energy Industrial Facilities*

LAB UJI PELUMAS DAN SERTIFIKASI

Lubricant Testing Laboratory and Certification

Sebagai Lembaga Pemeriksa Halal, Surveyor Indonesia mendukung kegiatan pemeriksaan Halal di berbagai sektor, dan menghadirkan juga layanan Sertifikasi Produk Pelumas lengkap dengan laboratorium uji pelumas berstandar.

As a leading Halal Inspection Body, Surveyor Indonesia is committed to advancing Halal certification across diverse sectors, complemented by our comprehensive Lubricant Product Certification services, which are supported by a state-of-the-art lubricant testing laboratory.

Laboratorium

- Uji Fisika Kimia SNI
- LSPro Pelumas
- Unjuk Kerja Bahan Bakar Minyak

Sertifikasi Sistem dan Produk

- Sertifikasi Produk Halal
- Sertifikasi Sistem Manajemen Berbasis Standar Nasional maupun Internasional

Laboratory

- Indonesia National Standard Physical and Chemical Testing
- LSPro Lubricant
- Fuel Performance Testing

System and Product Certification

- Halal Product Certification
- National or International Standards Management System Development

KEBERLANJUTAN

Sustainability

Surveyor Indonesia menghadirkan layanan konsultasi keberlanjutan yang holistik dan mencakup seluruh komponen-komponen keberlanjutan mulai dari regional, nasional, dan korporasi.

Konsultasi ESG

- Konsultasi Keberlanjutan/ESG
- Konsultasi Pembiayaan Hijau, Sosial, dan Berkelanjutan
- Pelatihan Kesadaran ESG
- Manajemen Rantai Pasokan ESG
- Laporan Keberlanjutan dan Laporan Tahunan
- Platform Digital Berorientasi Keberlanjutan
- Penilaian/Verifikasi Independen
- Rencana Jangka Panjang Perusahaan Berbasis ESG

Konsultasi Iklim dan Karbon Netral

- *Net Zero Roadmap*
- *Nature-Based Solution*
- Sistem Pembatasan dan Perdagangan Karbon
- Pendampingan Sertifikat Pengurangan Emisi
- Analisis Risiko Iklim

Konsultasi SDGs, dan TJSL

- Konsultasi SDGs (*Sustainable Development Goals*)
- Konsultasi CSR (*Corporate Social Responsibility*)
- Ekonomi Sirkular
- *Social Return on Investment (SROI)*
- Pariwisata Berkelanjutan

Ketertelusuran Komoditas Berkelanjutan

- Ketertelusuran Komoditas Berkelanjutan

Surveyor Indonesia delivers an all-encompassing consultancy service, addressing sustainability needs from regional to national and corporate levels, ensuring a holistic approach to sustainable development.

ESG Consultancy

- Sustainability/ESG Consultancy
- Green, Social, and Sustainable Financing Advisory
- ESG Awareness Training
- ESG Supply Chain Management
- Sustainability Report and Annual Report
- Sustainability Oriented Digital Platform
- Independent Assessment/Verification
- ESG-Based Long-term Corporate Plan

Carbon Neutral and Climate Advisory

- *Net Zero Roadmap*
- *Nature-Based Solution*
- *Cap and Trade Carbon*
- *Emission Reduction Certificate Assistance*
- *Climate Risk Analysis*

SDGs and CSR Consultancy

- SDGs Consultancy
- CSR Consultancy
- Circular Economy
- *Social Return on Investment (SROI)*
- Sustainable Tourism

Sustainable Commodity Traceability

- Sustainable Commodity Traceability
