PT. GENESIS ELEKTRIK INDONESIA

# ABOUT US

Welcome to PT Genesis Elektrik Indonesia.

We are number 1 supplier of integrated industrial parts and solutions in Indonesia.

We've marked our first journey as a humble start-up company in 2018 under registered company PT Genesis Elektrik in Surabaya. Since we established, we gain a huge number of positive feedbacks and repeat orders from our clients.

Indonesia's business has been growing rapidly in many agriculture and industrial aspects, and we are here to participate and support the industries to a higher level. We carry a diverse range of top-quality engineering products such as Pumps, Inverters, Electric Motors and Gear Boxes from European, Indian and Chinese brands. Below is all brands that we currently provides: ABB, Aliance Motor, Ebara, Italvibras G. Silingardi, Transtecno, Mayr, Marelli Motor, Siemens, Zhongda Motor, Superior Transmission, Guamao, Tsurumi Pump, Flugo, Lowara, Southern Cross, Torishima, Oriental Koshin, Durrex, Nerimotori, Sanli, Rossi Planetary, Transmax, Motovario, WEIR, CNP, A-Line, Yuema, Scancon, Cutes Corp, Zumin, Bison, Teco, Liming, Quantum, Speck Pumpen, KSB, Seko, Milton Roy, and Intersigma.

We also provide free consulting services with our skilled technicians to help small industries to giant companies to grow their businesses. On top of that, we provide outstanding customer service and the best solutions to reach customer satisfaction.

Our customers spread out in many different cities all across Java, from capital and big cities such as Jakarta, Tangerang, Surabaya, Bandung, Yogyakarta, to the heart of the countryside, such as Sidoarjo, Gresik, Malang, Jombang, Pasuruan, Kediri, etc. We even ship across the whole nation, such as Bali, Lombok, Kupang, Manado, Palembang, Samarinda, Balikpapan, and Jambi. Our company provides products for many segments in agriculture, food, plastic, and furniture industries.

## VISION

- Expand our business and market range internationally
- Spread our wings to previously unreachable cities

## MISSION

- Provide industrial spare-part market and supply to end-user customers through online marketplace, physical stores, and digital marketing
- Keeping positive connection to clients and customers
- Keep up with the latest technology and provide new solutions to customer needs
- Supply more product variety within the industry field

COMPANY PROFILE | ABOUT US

# I WHY US

We commit ourselves as customer's first choice in gearbox and electrical motor solutions by persisting our product quality and expanding our services in after-sales and delivery. Over the year, we keep raising our bar to achieve customer's satisfaction with these 3 methods:

## VARIOUS PRODUCT RANGE

We carry worldwide range of various product options which meets the customer's business, from the top quality to budget range. We are official certified distributor of Flugo, Alliance, and TransTechno.

## AFTERSALES SERVICE & PARTS

We are a one-stop-solution for aftersales reparation and spare-parts. We have our storage and warehouse, with professional technician ready to fix your machinery anytime needed.

## NATIONWIDE DELIVERY

We are ready to send our products and parts nationwide\*. We also expanding our order methods via marketplace, website, call-to-order, with courier delivery and expeditions.

\*Please call us for order information

We are an Authorized Distributor of AllianceMotori, Flugo and TransTecno

## How to Order?

### CHAT / CALL / EMAIL

Reach us by phone / WhatsApp at **+6285 262 123 800** or email to [sales@genesiselektrik.com](mailto:sales@genesiselektrik.com) for free consultation. You can also visit our online catalog at [www.genesiselektrikind.com](http://www.genesiselektrikind.com).

### SHOWROOM

Come and visit our main showroom at **Jl. Sulaiman 1, Banjarsari, Kec. Buduran, Sidoarjo - Jawa Timur**. We have various of product display, and we also offer free consultation.

### DELIVERY

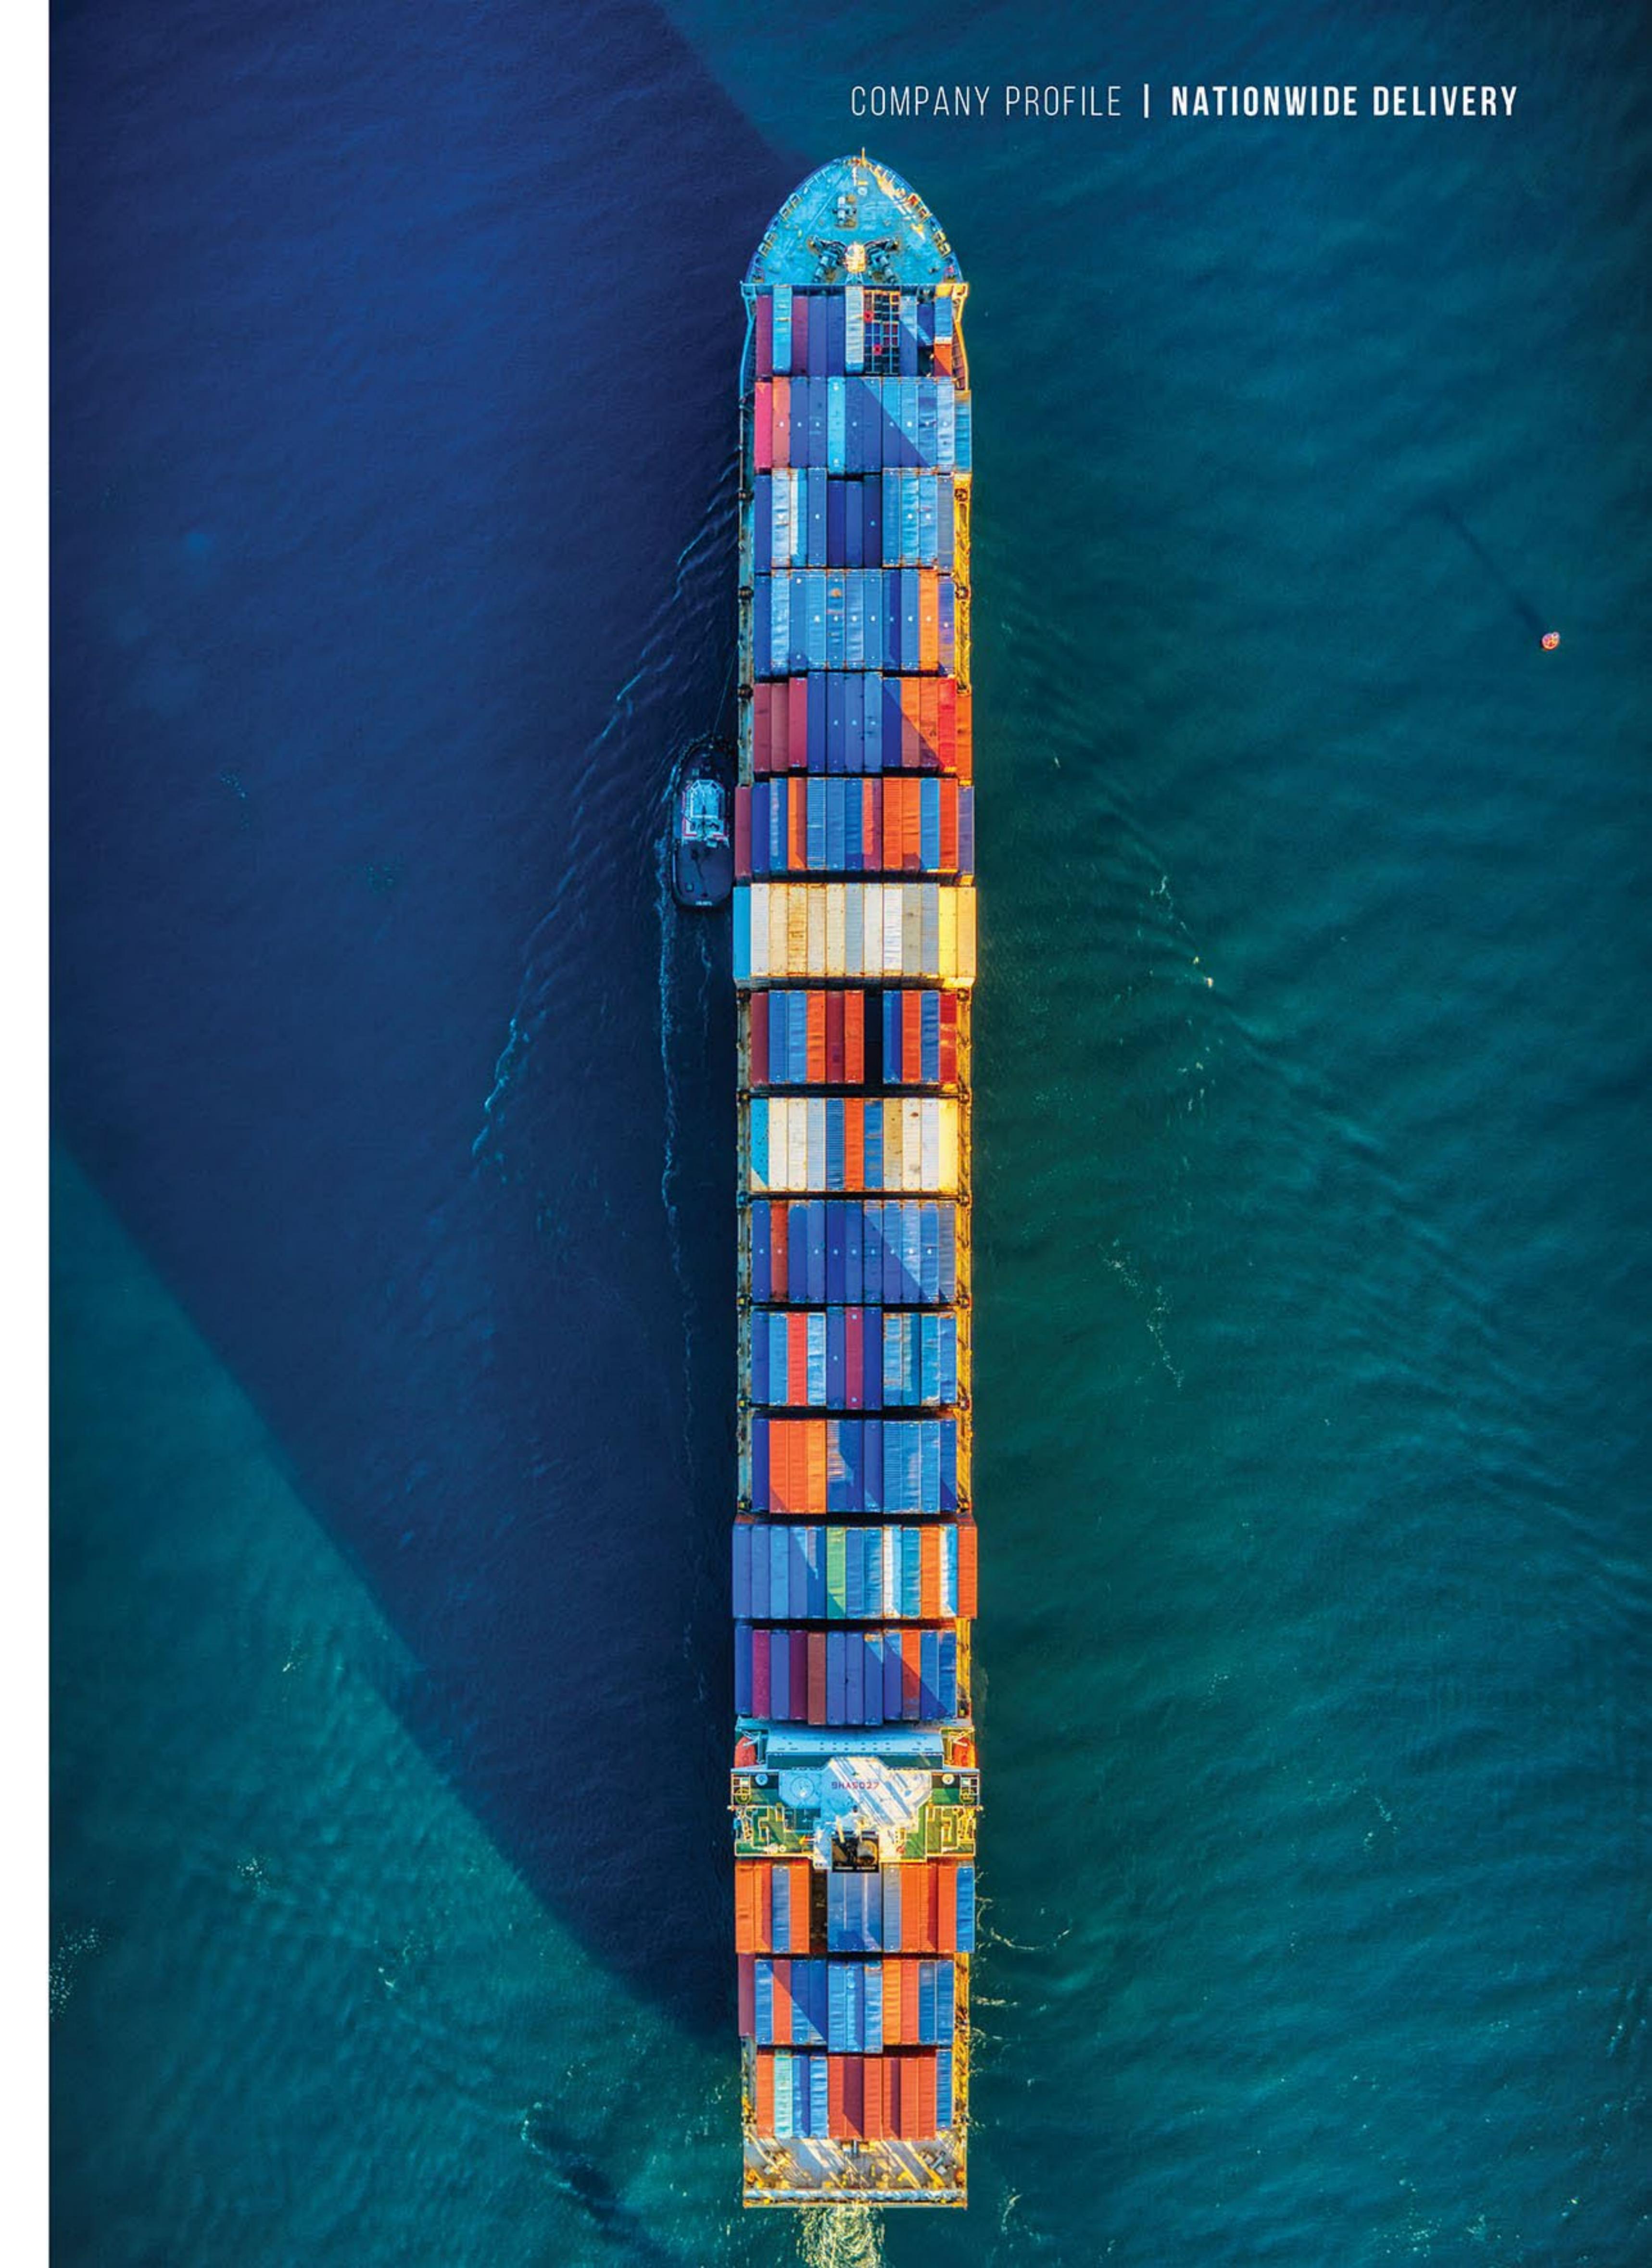

We are able to arrange our inhouse delivery order for **Surabaya, Sidoarjo, Mojokerto, Malang or Jakarta** area. For other areas, we are using our **trusted expedition** company. All deliveries will be packed safely and handled carefully.

### MARKETPLACE

Some items and spare-parts are also available in the marketplace. You can search our account in  
**Tokopedia** : [GenesisElektrikIndo](#)      **Shopee** : [GenesisElektrikIndonesia](#)  
**Bukalapak** : [Genesis Elektrik Indonesia](#)      **OLX** : [GenesisElektrikIndonesia](#)  
**Facebook** : [Genesis Elektrik](#)      **Instagram** : [@GenesisElektrikIndonesia](#)

### PARTNERS

We also distribute our products in our partner's showroom nationwide. You can locate one of our closest partners from your nearest place.

## SINGLE PHASE

Single phase asynchronous motors are commonly found in home industries, such as domestic appliances and power tools. They don't need much power and easy to operate. Single phase motors provides power up to 5.5 KW with 220V 50Hz.

There are 3 types AYL, AYC, AYY, and SJY. The outside case made of aluminium die cast.

## THREE PHASE

Three phase asynchronous motors normally used by giant industries such as food & beverage, stone crushers, mines, wood manufacturing & many more. There are many types of Three Phase Electro Motor, such as AY3A, AY3H, AY3B & AY3X. The power range for 3 phase motors is from 0.75 HP - 475 HP with IP 55 and insulation class F.

## DC INDUCTIONS MOTOR

DC Induction motors are also used in various manufacturers. The specifications of this motor is:

Rated power : 1,5KW - 186KW

Rated voltage: 220V - 440V

Field voltage: 110/160/220 VDC

Field speed : 200-3000 rpm

## TORQUE MOTOR

A Torque motor is a form of DC electric motor which uniquely can operate while the machine stalled. It is usually used as actuators for direct drive mechanism. Also it is commonly use for throttle control.

# GEAR BOX

COMPANY PROFILE | PRODUCTS

## PREMIUM HELICAL GEAR MOTOR

Premium Helical Gearbox can be found in many food, plastic, oil industries, and conveyor.

## HELICAL & BEVEL GEARBOX

Helical and Bevel Gearbox have cylindrical gears with teeth that aligns to the axis of rotation of the gear wheel.

## INDUSTRIAL GEAR (Z/P SERIES)

These gearbox are usually used for single screw extruder, extruder blowing equipment, Rubber and Plastic Machinery.

## WORM GEARBOX

It is commonly used by stone crusher industries and machinery contractor to build conveyors. It is available in many sizes based on users needs and the ratio starts from 10 to 60.

## PLANETARY GEARBOX

This gearbox provide advantages in servo control applications, high efficiency, smooth operation, high input torque, low noise, good mechanical rigidity, precise positioning. Commonly used for mixers, wheel drives, winch drives and conveyor drives.

## CYCLOIDAL GEARBOX

Many wood industries choose Cycloidal Gearbox for peeling veneers.

## COMPACT GEARMOTOR

Known by many industries with G3L series, like G3L, G3LM and G3LS. The power range is available from 0.1 to 1.5 kw.

## VARIATOR

Variator is a device that converts torque from the engine to the wheels. It is available in size 0.37/ 0.75/ 1.5/ 2.2/ 4/ 7.5 with maximum speed of 1400 rpm.

# PUMP

COMPANY PROFILE | PRODUCTS

## SUBMERSIBLE

Tsurumi pump is one of the best submersible pumps for residential and industrial customers. There are many different types of submersible pumps that we provide such as, B series submersible, NH series cast iron, TRN series submersible, PU series, etc.

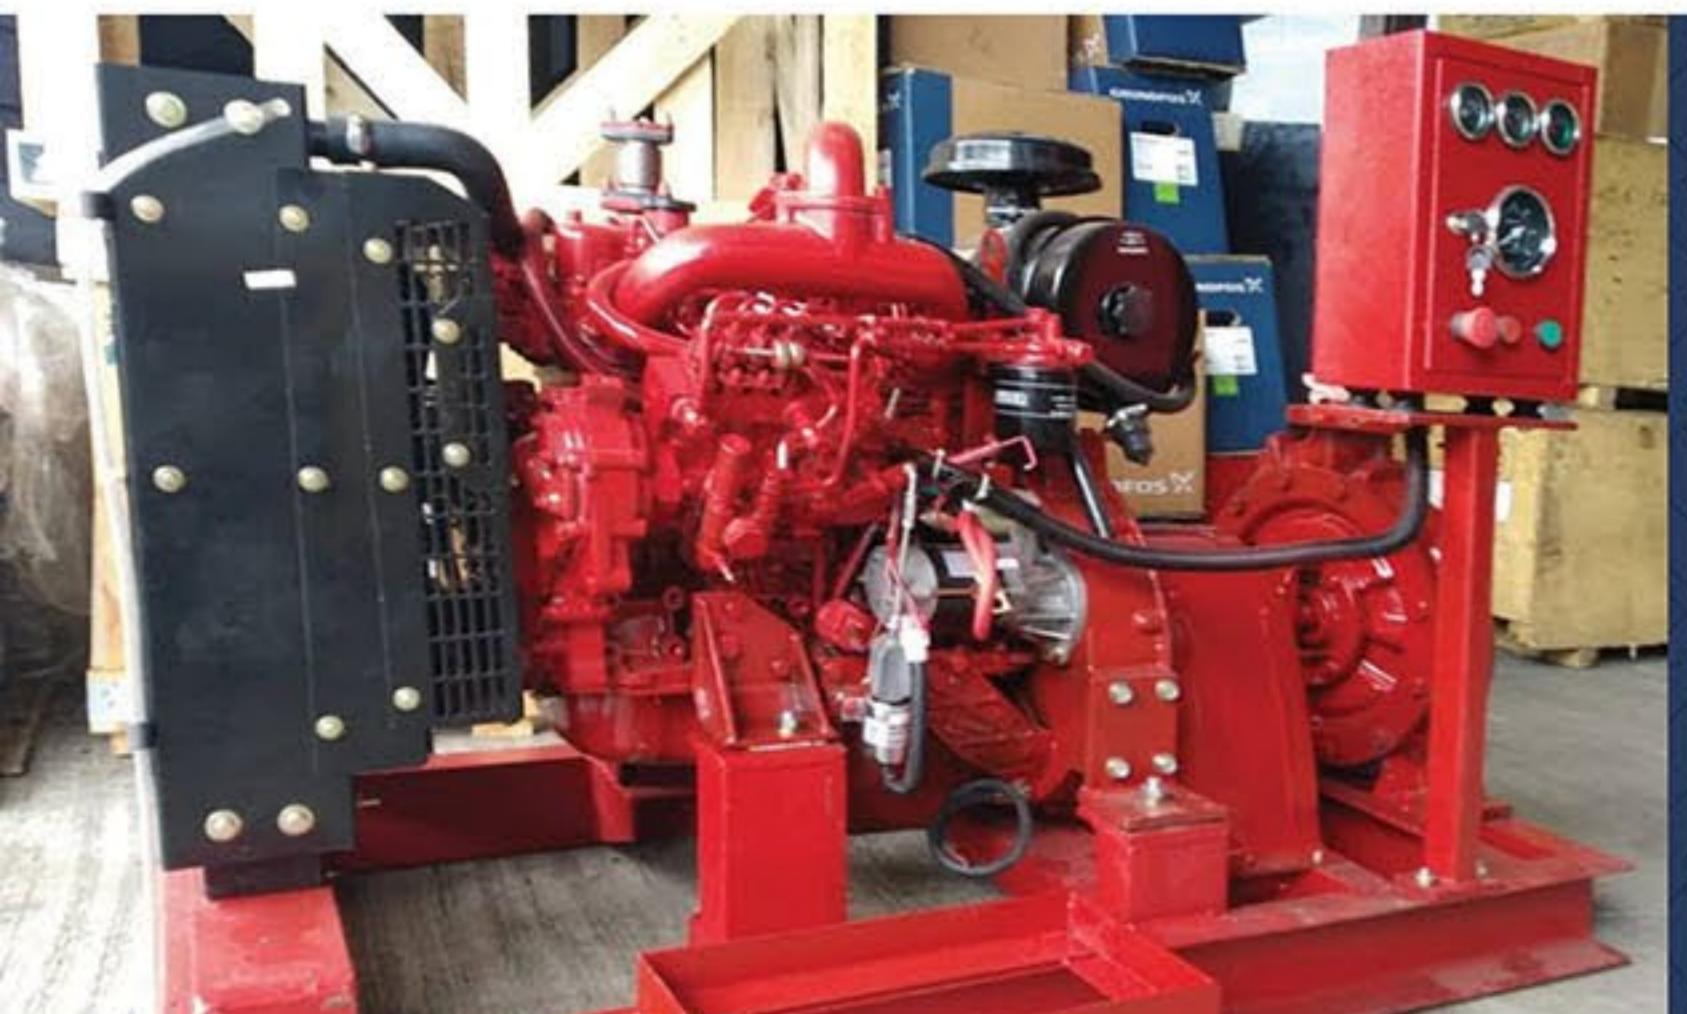

## CENTRIFUGAL

A centrifugal pump is a mechanical device to move fluid using rotational energy from one or more driven rotors. Flugo brand is our best option for centrifugal pumps.

## BLOWER

We carry only over-the-top quality blower brands, such as AH Flows, Ebara, Southern Cross, Torishima, and Asia Drive.

## FIRE HYDRANT PUMP

A high pressure water pumps designed to increase the fire fighting capacity of a building by boosting the pressure in the hydrant service. The fire hydrant pump is using centrifugal pump technology.

COMPANY PROFILE | WORKSHOP & AFTERSALES

## WORKSHOP & AFTERSALES

Our warehouse and workshop is located in Sidoarjo area. We always maintain our warehouse hygiene and stock checking accordingly in order to keep our product quality.

Whereas our workshop is also equipped with latest tools for repair and maintenance. Our experienced technician will provide the best service for machinery reparation.

### SPARE PARTS AVAILABILITY

Spare Parts has always been the most important product when it comes to after-sales. We are trying our best to stock for available parts, especially for the crucial and extra handling items.

### EXPERIENCED TECHNICIAN

Our technician is specialized in handling electrical maintenance and motor parts for years. We also equipped with our own workshop to work professionally.

- For any issue or spare-part information, please call us at +6285 262 123 800. We will be happy to assist and solve the problem.
- For self-delivery or courier, you can drop the product(s) to our workshop at :  
Jl. Sulaiman 1, Banjarsari, Buduran, Sidoarjo, Jawa Timur - Indonesia
- For pick-up service from our side, we are able to arrange pick-up to your place with 2 days notice in advanced. Pick-up fee may apply.
