

## General Purpose

(Competitive Efficiency!)

1 Year  
Warranty

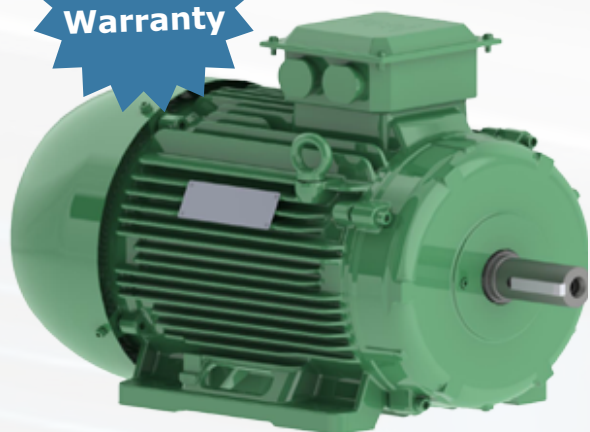

- IE3 efficiency to IEC60034-30-1
- Also available in IE1 & IE2
- Top Mount T/Box
- Class F Insulation standard
- IP55 standard
- PTC (winding) from 160 frame and above
- **WISE “Spike Resistant” Windings for use on VSD**
- Multi mount to 132 frame (inclusive)
- Available in 2,4, and 6P
- Rated Power to 185kW, and
- Available for immediate order

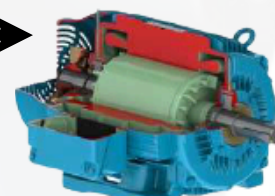

## Industrial

(Latest WEG design for Induction Motors!)

2 Years  
Warranty

- IE3 efficiency to IEC60034-30-1
- IE4 Efficiency also available
- Top Mount T/Box
- Class H Insulation (motor rated to 50 degree C ambient with 80K At temperature rise)
- IP56 protection
- PTC (windings) from 160 frame and above
- Shaft Grounding Brush from 315 frame and above
- **WISE “Spike Resistant” Windings for use on VSD**
- Full internal Tropicalization
- Multi mount to 132 frame (inclusive)
- Available in 2,4 and 6P
- Rated Power to 185kW, and
- Available for immediate order
