**COMPANY
PROFILE**

ABOUT US

We are one of the construction company as well as supplier for construction materials. Our main bussiness are supply and install insulated sandwich panel for Pharmaceutical, F&B, Hospital, Cold Storage, Site Offices, and many more applications/segments. Beside that, we are also serving our customer needs for Epoxy, Waterproofing, Stainless Steel Equipments. To give best services to our customers, we have dedicated and experience team to fulfill customer and project needs.

VISION

To become one of the big companies in the construction and supplier for construction materials through technological innovation and creative and professional resources.

MISSION

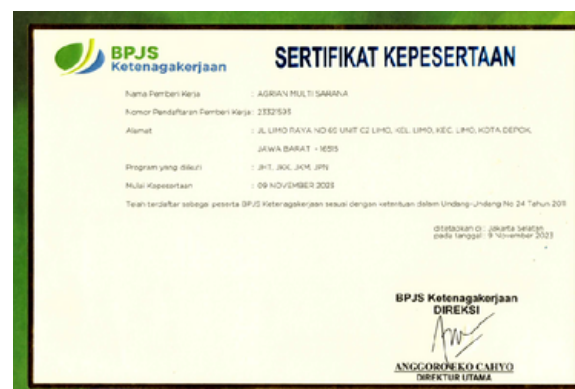

- Always apply occupational safety and health management standards in every construction implementation and process.
- Build & maintain customer trust by always being committed to providing the best results.
- Open minded to new technological innovations that have a positive impact on improving company quality & performance.
- Optimizing company profits for sustainable development.

SEGMENTS

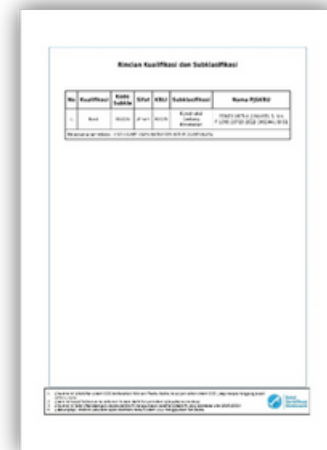

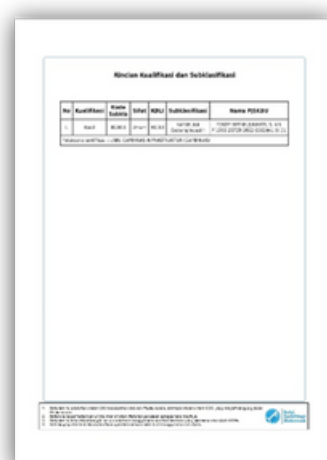

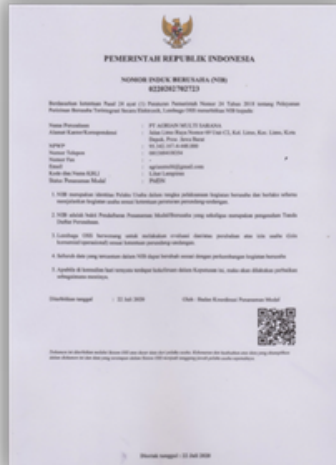

1. Insulated Sandwich Panel
2. Stainless Steel Equipments
3. Epoxy and Waterproofing
4. General Constructions

INSULATED SANDWICH PANEL

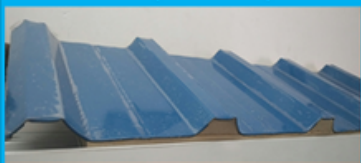

Applications

1. Hospital, Pharmaceutical, Laboratorium
2. Cold Storage
3. Food Processing
4. Transportable Building : Portable Office, Shelter BTS ,
Control Room

Strengths

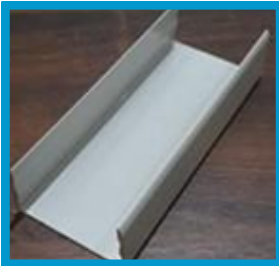

1. Anti Bacterial
2. Easy Designed and Simple Installed
3. Faster Installation Compare to Conventional
4. Sound Proof and Temperature Proof
5. Easy to Clean
6. No Dust During Installation
7. No Termite and Rodents

INSULATED SANDWICH PANEL

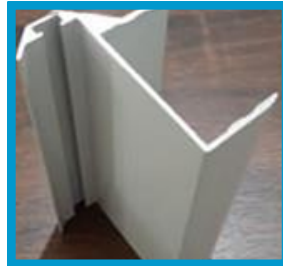

Type of Sandwich Panels	Density (Kg/m ³)	Range of Thickness (mm)	Type of Coils/Sheet Metals	
			Hygienic	Non Hygienic
Expanded Polystyrene (EPS) 	15 & 20	50, 75, 100, 150, 200, 250	Anti Bacterial Z275, Z180, AZ100 0,45mm ; 0,6mm (BMT) or others	Non AntiBacterial AZ100, AZ150, PVDF 0,45mm ; 0,6mm (BMT) or others
PolyUrethane (PU) 	42-48	50, 75, 100, 150, 200	Anti Bacterial Z275, Z180, AZ100 0,45mm ; 0,6mm (BMT) or others	Non AntiBacterial AZ100, AZ150, PVDF 0,45mm ; 0,6mm (BMT) or others
Polyisocyanurate (PIR) 	42-48	50, 75, 100, 150, 200	Anti Bacterial Z275, Z180, AZ100 0,45mm ; 0,6mm (BMT) or others	Non AntiBacterial AZ100, AZ150, PVDF 0,45mm ; 0,6mm (BMT) or others
Mineral Wool (MW) 	100	50, 75, 100	Anti Bacterial Z275, Z180, AZ100 0,45mm ; 0,6mm (BMT) or others	Non AntiBacterial AZ100, AZ150, PVDF 0,45mm ; 0,6mm (BMT) or others
Roof (EPS & PIR) 	15; 42-48	50	Not Available because mainly for outdoor	Non AntiBacterial AZ100 0,40mm (BMT) or others
