

PT. TRISTAR SOLUTION

SERVICE AND SPARE PART
COMPRESSOR

PT. Tristar Solution is trusted partner in Total Solution for your compressed air needs in the factory. To meet compressed air requirements in the factory, we have prepared highly qualified and highly efficient air compressors. For those of you who are very concerned about quality and our well-known brands have prepared Ceccato brand air compressors. Ceccato is a well-known air compressor from Europe, precisely from Italy. Tristar Solution is an official distributor for air compresses from the Ceccato brand.

»»» TECHNICAL ADVANTAGES

»»» Simple and strong

Excellence design, every part sitting in the perfect position, simple and strong.

»»» Easy maintenance

The simplest scientific layout makes spaces for service and maintenance, efficiency means less cost.

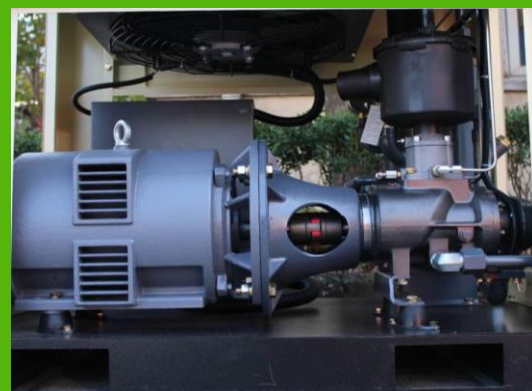

»»» High efficient energy recover

75% Heat recoverable, significantly reduce your energy costs.

For those of you who want good quality at very competitive prices we have prepared an air compressor brand Wan Beardsley. Wan Beardsley is one of the best quality air compressors made in China. Wan Beardsley was produced in Shang Hai with a power range from 7.5 KW to 300 KW. Wan Beardsley has been producing air compressors of the highest quality and very competitive prices. To save electricity, Wan Beardsley has also produced air compressors with permanent magnet motors.

PT. Tristar Solution is the sole agent for Wan Beardsley air compressor in Indonesia

Good routine and planned maintenance will affect the performance of the air compressor. Often people ignore routine care because of expensive maintenance costs. Some brands of air compressors have very expensive original components. Tristar Solutions provides the best solution for high maintenance costs. We have replacement parts that are of the same quality as genuine parts.

High efficiency air - oil separator
Residual oil carry over only 1 - 3 mg/m3
Lifetime up to 4000 running hours

Oil filter for screw compressor
working press up to 14 bar

Air filter cartridge
Use top quality media

We also keep in stock for non consumable parts for screw compressor such as :
temperature sensor, solenoid valve, thermostat, seal kits, control, auto drain etc

We have a team of technicians who are professional, qualified and experienced who have been trained in compressor companies in Europe. Our technicians are ready to serve customers for preventive maintenance and general overhaul. More than 1000 air compressors from various brands and types we have overhauled. The air compressor brands we have overhauled include: Kaeser, Atlas Copco, Ceccato, Sullair, Boge, Hitachi, Kobelco, Ingersollrand, Compair, Eccoair, Mitsui zeiki etc.
